COMPLETE INFORMATION GUIDE

(Updated October 2004)

INDEX

GENERAL INFORMATION	2-3	GLOSSARY	4-5
MATS	6-18	TITLE/BORDER DESIGNS - PRINTING STYLES	19

CUSTOMER CODE

A customer code will be assigned to every account upon receipt of initial order. This code should be used on all subsequent orders to help facilitate processing, production and shipping. The code can be found on all invoices.

PRINT PREPARATION

- PACKAGING PRINTS -

It is very important that all prints shipped to CLASSIC be well protected before going into an outer carton/box/envelope. This will help protect your images and prevent scratches, bends, dings, etc. Prints should be grouped according to size, placed between two pieces of cardboard, and secured with rubber bands. All of the prints for a specific job should then be placed in an inner box and banded together with an order form. Please do not use tape of any kind on photographs or to secure the cardboards. Panoramas should be placed in a sturdy tube and go in the box with the prints. Do not pack Panoramas flat or at the bottom of the box.

- ARTWORK/RETOUCHING -

If your order contains prints with artwork, please indicate this on the order form in section 12. If you don't indicate which prints have artwork, we will not be responsible if artwork is removed during production process. It is likely that artwork prints will have a duller finish due to retouch spray. CLASSIC recommends that your retoucher/artist add an additional coat of gloss or luster spray to brighten up the photograph. This will help minimize the difference between retouched and non-retouched prints.

- DIGITAL PRINTS -

Inkjet: CLASSIC will accept inkjet prints for both flush as well as reversible mounted albums provided they have been printed using archival inks. These prints are currently much more problematic than photographic prints and have a higher incidence of being damaged in spraying and production. CLASSIC will not be responsible for any inkjet prints. Until this technology improves and paper and inks become more reliable, any damaged prints will be the responsibility of the photographer regardless of the cause. To minimize potential damage, customers may request that prints be hand sprayed at a charge of \$1.00 per print.

NUMBERING PRINTS

All photographs for mounted albums must be numbered in sequential order. CLASSIC recommends a Prisma Color Art pencil or #6B soft lead pencil to number all prints. The number should be written very gently on the **BACK CENTER** of the print. **DO NOT** number prints in the back corners or CLASSIC may have to re-number them (\$.25/print charge). **DO NOT use ink, felt tip markers or grease pencils to number prints**, since these tend to rub off on adjacent prints or show through once the print is mounted. CLASSIC will gladly supply you with the proper pencil upon request at no charge. Prints numbered using anything but the proper pencils may have to be cleaned and re-numbered at a cost of \$.50 per print. **NUMBERING PRINTS INCORRECTLY WILL DELAY AN ALBUM AND INCUR ADDITIONAL CHARGES.**

All composites (2-up, 3-up, 4-up, etc.) must be properly identified with both the page # and letter (A,B,C,D,E, etc.) to indicate position. Please refer to pages 6-14 for available custom frames and required lettering to insure correct positioning in multiconfiguration mats. Please indicate "TOP" on prints whose position may be mistaken (eg. ring shots, flowers).

- NUMBERING PANORAMAS AND/OR HALF PANORAMAS -

Please number panoramas as two (2) prints beginning with an even number side. This will clearly indicate the album pages on which the panorama will appear. In addition, you must include studio name and album order # on the back of the panorama. Half panoramas require only one number indicating the page/sequence it will appear.

- PANORAMA/HALF PANORAMA SIZE CHART -

<i>Album Type and Size</i>	3½x5	4x5	5x5	5x7	6x8	8x8	8x10	10x10	10x12	10x15	11x14
Flush	7x5	8x5	10x5	10x7	12x8	16x8	16x10	20x10	20x12		22x14
Reversible Full Pano	14x7	14x7	16x8	16x8	20x10	20x10	24x12	24x12			
Reversible 1/2 Pano	7x7	7x7	8x8	8x8	10x10	10x10	12x12	12x12			
Panel- Full Pano				16x9			20x12		24x14		
Panel- 1/2 Pano				8x9			10x12		12x14		
Euro- Full Pano										15x20	
Euro- 1/2 Pano										10x15	

CROPPING AND HAND TRIMMING

- FLUSH ALBUM / FLUSH BOOK -

DO NOT PRE-TRIM ANY PRINTS THAT ARE TO BE MOUNTED IN A FLUSH ALBUM / BOOK. It is critical that you allow at least ¼" clearance along all four edges so that heads, hands, feet, etc. are not cut into when album is trimmed and sanded. All prints in a flush album are mounted back-to-back before being trimmed. No special hand trimming can be done. **It is the photographer's responsibility to check prints for clearance before sending them in.**

- REVERSIBLE / EURO -

Prints will be machine trimmed to a specific size. Approximately ¼" will be trimmed from each edge. It is the photographer's responsibility to leave at least ¼" clearance on all sides. Since we do not look at and trim each print individually, the photographer must check all prints and make sure the image area will not be affected by our process. IF THERE ARE PRINTS WHICH REQUIRE HAND TRIMMING, CLASSIC WILL PROVIDE SUCH SERVICE ON UP TO TWO (2) PRINTS PER ORDER AT NO CHARGE. Additional custom trimming will be billed at \$1.00 per print. Please indicate on the order form (in section 9 ; Hand Trim Print #) which prints require hand trimming. Please specify under special instructions which prints have already been trimmed. These special instructions should also be indicated on the back of the print.

TREATMENT OF PRINTS

- SPRAYING -

All prints will be sprayed unless otherwise specified. CLASSIC uses a water based luster coating, which is lightly applied through a roller system applicator. This protective coating on mounted album prints helps to prevent fingerprints and scratches and protect photographs during the production process.

- TEXTURING -

A light pebble texture can be applied to prints in order to further protect them as well as mask imperfections on the emulsion caused by handling. CLASSIC recommends that all prints be textured.

- INKJET PRINTS -

Classic will accept inkjet prints for both Flush and Reversible Albums. We recommend Ilford paper over Epson. Classic will not be responsible for any inkjet prints which are damaged in production. Photographer assumes all responsibility for inkjet prints.

- DAMAGED PRINTS -

Although great care is given to all prints by photographer, studio staff and the employees of CLASSIC ALBUM, occasionally damaging a print in preparation is unavoidable. CLASSIC will inspect incoming orders carefully for any scratches, dings and imperfections. Should any be found, a Customer Service Rep will contact you immediately. You will be informed of the problem and have the choice of either replacing or passing the print. In the event that a print is damaged by CLASSIC during any stage of production, we will assume responsibility and related costs to replacing said print.

COVERAMA® INFORMATION

A unique product that turns any bound album into an "Oil On Canvas" masterpiece. The COVERAMA® is an innovative creation of CLASSIC ALBUM which allows the photographer to transfer any photograph into a wraparound canvas showpiece. Instead of a leather cover, the album is wrapped in canvas turning the album into a true work of art from cover to cover.

The photograph you choose for the cover is scanned, color corrected and printed on canvas. A triple UV oil emulsified coating is then applied to protect the canvas image from fading, cracking and moisture.

CLASSIC ALBUM'S COVERAMA® can be created in three formats:

MIRROR IMAGE: Uses any photograph for the front cover and a reverse of the same image on the back cover. This is the most popular format since nearly any photograph can be used.

PANEL: Front Cover Panel is covered with digitally created "Oil on Canvas". Spine is covered in Top Grain Leather. When ordering front panel only please indicate choice of leather type and color for back panel.

PANORAMIC: Is just that... one image covers the album from edge to edge.

The COVERAMA® can be applied to any Library Bound Album including the Ebony, Victorian and Princess lines. When ordering, all you need to supply is a horizontal 8x10 photograph.

GLOSSARY

10X15 EURO: Vertical or Horizontal 10x15 matted album with black frames and choice of black, gold or silver gilding. Includes large selection of mats for 35mm/digital sizes. Album price includes Napa or distressed leather, photo inset cover, cork or rice paper lining and all imprinting/stamping charges. This is clearly a premium album with which to book premium jobs.

BOOK JACKET: Clear plastic jacket that fits snugly over the cover to protect the album.

BORDER DESIGNS: (See Page 15) Cover Designs/Artwork are available on all albums at no additional cost. Certain large designs may not be applicable for small albums.

BRANDING: Method of imprinting names, dates, titles, monograms etc. without the use of gold, silver or black foil. NAPA is the only leather on which branding is recommended. Standard leather cannot be branded.

CAMEO: Gold or silver cameo (oval) which can be mounted on upper left corner of front cover to hold photograph (3½ x 5 or 4x5).

CLOTH ALBUM SACK: Soft velvet sack in which to present, keep and protect album.

CORK LINING: Authentic Cork is available as an upgrade for lining on all Library Bound Albums.

COVERAMA: Unique patent pending creation of CLASSIC ALBUM. From an 8x10 photograph, CLASSIC will create an "Oil on Canvas" masterpiece... which will then cover the entire album in place of leather. This incredible innovation, turns an album into a cover to cover work of art... now worthy of display on a stand, table, or shelf.

EBONY CLASSIC: An extension of the Victorian and Princess line. The EBONY is solid black inside with no gold or silver border and solid black edging. This is a 21st century product that is ideal for black and white photography and today's contemporary bride.

FAVORAMA: Mini Flush album consisting of ten (10) inside prints (4x5, 5x5 or 4x6). Covers can be either one print that wraps around front and back cover, or two separate prints. Can be imprinted with names and date on front as well as studio name on back. Also referred to as a "Brag Book".

FLUSH MOUNTED: Library Bound Album in which same sized prints are mounted vertically and become the entire page. While pages in Flush Albums generally do not have frames, CLASSIC can accommodate specialty mats in the 10x10 Flush Album **only**. See page 17 for mat selection.

FRAME COLOR: On Reversible, Panel, Victorian and Princess Albums this refers to the color of the mats which frame the photographs. Available in pearl, black, grey, white and matte black.

GILDING: The edges of the pages can be gilded in gold, silver, black or left ungilded. Cover design, title, names and date will be imprinted in the same color as the gilding unless otherwise specified.

HINGE TAPE COLOR: This is the fabric strip that secures each page and holds the album together. On Reversible Albums the hinge color will match the frame color. On Flush Albums, you must specify color (black, white or grey). CLASSIC recommends that you use black on **ALL** Flush Albums since it blends in best.

HINGLESS FLUSH BOOKS: Flush style book with no hinge tapes. Comes with black cloth lining and square corners.

INVITATION PAGE: CLASSIC can custom mount an invitation in any Mounted Library Bound Album **at no additional cost**. We recommend that this be positioned on the first page (right hand) and numbered as print #1. In albums with invitation on page 1, photographs can begin on either page 2 or 3 depending on desired layout. If beginning on page 3, please include piece of paper numbered "2 blank" with prints. When ordering invitation page, please fill out invitation section on order form.

LEATHER CHOICES: All of our Library Bound Albums (Mounted and Slip-In) are covered in 100% leather. You can choose from four different grades. These include:

STANDARD: 100% Processed Leather that provides consistent grain and color throughout cover and from album to album. Unlike Top Grain, this leather will not contain imperfections, variance in grain, blemishes etc. Available in Admiral Blue, Antique Ivory, Black, Burgundy, Forest Green, Ivory, Luggage, Olive Green, Slate and White.

TOP GRAIN: Actual Top Grain Cowhide has a heavier grain and is subject to natural imperfections. Available in Black, Brown, Charcoal, Cotton Candy, Green, Ivory, Lavender, Maroon, Navy Blue, Oyster, Pewter, Pink, Red, Rose, Sand, Slate, Teal and White.

NAPA: Is the premium leather providing a more luxurious look. It has a much softer feel than the other leather choices and is ideal for "Branding". Available in Austin, Berry, Black, Bone, Butterscotch, Cream, Golden, Honey, Midnight Blue, Mint, Mustard, Navy Blue, Patriot Blue Plum, Red, Sable, Smoke Grey, Snow, Steel Grey, Stone, Whitecap and Wine.

DISTRESSED: Premium soft Napa finish in distressed earthtones. Available in Bark, Cherokee, Navajo, Palamino, Saddle, Sagebrush, and Santa Fe.

FLORENTINE: Finest quality imported Italian leather cover with embossing is now available on all Library Bound Albums.

LINER COLOR: Color of liner on which the print and frame is mounted. It shows as an approx. ¼" border around the print. Available in Gold, Silver, Black or White.

GLOSSARY CONT.

MASTERPIECE COLLECTION: Unique and original concept in photographic presentation allows wedding and portrait photographers the opportunity to combine their creativity with the latest in digital pagination. The MASTERPIECE COLLECTION currently consists of two styles and methods:

TRADITIONAL: Contains 10x10 prints created from scanned negs or digital files. You choose special effects from catalog, and select color, content, text, etc.

ONLINE: *THE WORLD'S ONLY INTERNET BASED ALBUM.* Send in negs/CD or upload digital files. Images will be password protected. Design 10x15 masterpiece from home or studio completely online. Drop images into designated mats or choose backgrounds and design pages freestyle.

MATS: Mats can accommodate single and multiple print configurations, as well as a variety of custom shaped prints. See pages 6-18 for complete illustrations of available mats for all albums.

MONOGRAMS: Imprinted in gold, silver or black in the center of the front cover in lieu of title or on the spine. Branded monograms are available on NAPA leather only. See title design #21 on page 6 for monogram style.

PANEL ALBUM (MATTED): Library Bound Album in which rectangular photographs are framed and mounted vertically or horizontally. Unlike a reversible, the panel will have to be turned in order to view prints running in opposite direction and can not accommodate custom frames.

PANORAMAS & HALF PANORAMAS: CLASSIC ALBUM was the first album company to feature panoramas in 1971. These large horizontal prints are in effect Flush Spreads. Using a unique method, CLASSIC can mount your panorama without splitting them down the center as most other album companies do. This will be done by reinforcing and folding the panorama thus keeping it intact. (A slight 1/16" to 1/32" line of emulsion may be lost along the fold line.) Should you prefer having your panoramas split, CLASSIC will do so. Please clearly indicate this on your order form **as well as on the back of the Panorama itself.**

PHOTO INSET COVER: Recessed area on cover into which a canvas print or photograph is mounted. Available in framed or unframed styles. Price includes scanning a print and creating an "Oil on Canvas" image in Color, B&W, or Sepia. Not available in standard leather.

STANDARD INSET COVER: Choose from 8x8, 5x7, 5x5, 4x5, 4x4 recessed area in center of cover. Available in either framed or unframed styles.

CUSTOM INSET COVER: Design and layout your own custom cover using single or multiple insets anywhere on cover. Available sizes are 8x8, 7x7, 6x6, 5x5, 4x6, 4x5, 4x4, 3x3, 2x3, 2½ x 3½. Please provide detailed layout description and design with your order. Custom inset covers are not available with raised frames.

POCKET BOOK: Do it yourself pocket size Flush album in all black with peel and stick pages. Accommodates 10 photographs. Available in 4x5 vertical, 5x5 or 4x6 Horizontal formats.

PRINCESS: Slip-in Library Album available in all standard photo sizes. These custom made, hand crafted albums are gilded, moiré lined, and leather covered. Prints slip directly into vertical or square framed pages. (For Reversible Princess Albums, see Victorian.)

REVERSIBLE (MATTED): Top of the line Mounted Library Album which can accommodate many different size photographs and an extensive selection of matted presentations. (See pages 10-16 for available mats). Prints in a Reversible Album are cropped and then permanently mounted on acid-free gold, silver or black underlay boards and then framed in ivory, black, grey or white matting. Prints can be mounted horizontally or vertically.

RICE PAPER LINING: Hand made flowered rice paper is available on all Library Bound Albums.

SLIP CASES: Open-ended boxes covered in matching leather and lined in moiré. Can be made to encase one, two, or three album sets.

SPRAYING/LACQUERING/COATING: All spraying/lacquering charges are included in cost of album. All color prints must be coated in some manner. CLASSIC uses a water based coating applied evenly through a series of rubber and metal rollers. We will not be responsible for prints that are sent already lacquered/sprayed by you or a lab. We strongly recommend that you allow CLASSIC to use its coating system for best results and appearance.

STUDIO NAME STAMPING: Studio names or logos will be stamped on the lower left corner of the inside front cover.

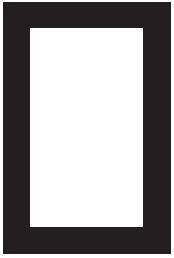

TEXTURING: Light pebble texture will provide protection to prints as well as mask imperfections on the emulsion resulting from handling and shipping of prints. All Flush Album photographs will be textured unless otherwise instructed.

TITLES: Standard Titles (see page 19) can be selected at no cost. Custom titles are available at a per line charge.

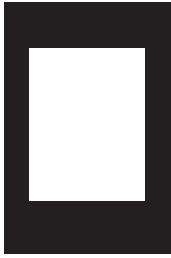

TWO TONE LEATHER COVER: Front and back panels of albums are covered in either Napa or Distressed leather. Spine wrap is covered in Top Grain Leather.

VICTORIAN: Reversible Slip-in Library Album available in 10x10 (8x10 reversible) and 8x8 (5x7 reversible). These hand crafted albums are bound in leather, moiré lined and gilded in gold (with pearl or black frames) or silver (with grey or black frames). The Victorian is available with a wide variety of slip-in mats which are **provided at no extra cost.** (See page 18 for mat selection.) These mats allow the Victorian to accommodate many different size photos.

Over 50 years ago, CLASSIC ALBUM began as a “Mom & Pop” operation with three employees... who were also the three founding partners. Over the next thirty years, CLASSIC would grow to become one of only several bookbinders in the U.S. providing professional photographers with custom handcrafted albums.

In 1995, the ownership of CLASSIC ALBUM changed hands. New management became dedicated to not only providing professional photographers with the absolute best in quality, service and value but also to creating new and exciting products. Innovation continues to be a passion at CLASSIC. The patented Coverama™, Favorama™, Victorian / Princess line, Masterpiece Collection™, and recently, the Online Masterpiece and Euro, are all CLASSIC creations.

*At CLASSIC, we are proud to pursue a somewhat different path from that of our competitors. As we continue to grow throughout the U.S. and Canada, we will remain open to new ideas, new products, and new and exciting ways to present your photography. Most of all, you will find CLASSIC ALBUM to be extremely responsive to **your needs and your business.***

*CLASSIC wants to “**Compete**” for your album business. Isn’t it about time your current supplier did the same?*
